

TMA Case Study-- *Applying the KP Local Government Act, 2013 (Amended 2022) and Rules of Business, 2022 to Real TMA Challenges*

Task:

During this week, each trainee will select **one TMA** and identify **one major issue currently affecting its municipal service delivery, revenue, administration, or governance**.

The assignment should briefly cover:

1. **Issue Identified:** What is the problem?
2. **TMA's View:** What do the concerned officers/officials consider the main cause?
3. **Legal Perspective:** Which provision of the **KP Local Government Act, 2013 (Amended 2022)** or **Rules of Business, 2022** is relevant?
4. **Gap Analysis:** What is the difference between the legal responsibility and actual practice?
5. **Recommendation:** What practical solution would you propose?

Length: 2–3 pages

Submission: End of this week

Presentation: Selected trainees/groups may be asked to briefly present their findings.

Important Instructions

- The assignment must be based on **your own research, observations and analysis**.
- **No trainee is allowed to copy another trainee's work, ideas, findings, or recommendations.**
- Each trainee must develop an **original case study and solution**.
- Any evidence of copying, duplication, or taking ideas from another trainee will result in **deduction of marks**.
- Simply describing the law is not sufficient. Trainees must demonstrate **how the law and Rules of Business can be applied to address a real TMA issue**.
